Manufacturers Representative and Stocking Distributor

THE LEADER IN INDUSTRIAL I/O

Signal Conditioners & Remote I/O

Level Measurement Products

SENSORS, TEST & CALIBRATION

Annunciators - Panalarm & Rochester
Signal Conditioners - Scientific Columbus
Power Measurement - Rochester
Pressure Products - US Gauge / M&G
Temperature Products - US Gauge

Ametek Power
Submersible Level Sensors - PMT Sensors
Position Measurement - Gemco / Catrac

Differential Pressure Flow Sensors:

VERIS VERABAR® & ACCELABAR®

ARMSTRONG Vortex Meter,
Orifice Plate, Venturi Tube,
ASME Flow Nozzle, & Wedge Meter

Additional Technologies:

Electromagnetic & Ultrasonic Flowmeters

VERIS Flow Measurement Group

Pressure & Temperature Gauges
Switches & Transducers, Diaphragm Seals

Wireless Radio & Sensor Networks

Pneumatic / ElectroPneumatic Controls
Filter Regulators, Volume Boosters

Manifold and Isolation Valves

Level / Flow Switches
Thermal Mass Flow Meters

Measurement & Control

Purge & Pressurizing Systems

Infrared Pyrometers & Thermal Imaging
formerly Ircon

Severe Service Control Valves

Thermowells / Orifice Plates / Flush Rings
Seal Pots / Level Chambers

Oval Gear Flow Meters

Flow Meters:
V-Cone, Electromagnetic, Propeller

Industrial / Ruggedized Plant Floor
Touchscreen Computers, Workstations,
Thin Clients, Displays, Consoles and
Peripheral Enclosures.

Digital Indicators & Controllers

Flame and Gas Detectors

Thermocouple & RTD Sensors
Protection Tube & Sample Probes
Thermowell Assemblies

Magnetostrictive Level Gauges
